WHITENING PRODUCTS

SMILES BY VENUS WHITE

With Venus White MAX, you can have a whiter smile in one appointment. In your 90 minute appointment, your teeth are isolated to protect your gums, then bleach is applied. Custom whitening trays are included to take home for follow up. Call today to schedule an appointment!

IN OFFICE
WHITENING

Venus White ULTRA is our take home disposable kit. This kit is a 7 day supply with the mess-free convenience of throwing the tray out when you're done bleaching. The pre-filled, pre-formed trays are comfortable and stay in place better than store-bought strips.
